(h) *Erroneous, deceptive, misleading practices.* (1) The Department of Veterans Affairs will not approve an enrollment in any course offered by an institution which uses advertising, sales, or enrollment practices which are erroneous, deceptive, or misleading by actual statement, omission, or intimidation. As provided by section 3696, Title 38 U.S.C., the Department of Veterans Affairs shall use the services and facilities of the Federal Trade Commission, where appropriate, under an agreement:

(i) To carry out investigations, and

(ii) To make determinations under this paragraph.

(2) To ensure compliance, any institution offering courses approved for the enrollment of veterans or eligible persons shall maintain a complete record of all advertising, sales, or enrollment materials (and copies of each) used by or on behalf of the institution during the preceding 12-month period. This record shall be available for inspection by the State approving agency or the Department of Veterans Affairs. These materials shall include, but are not limited to:

(Authority: 38 U.S.C. 3696)

(i) *Audited courses.* The school's certifications shall exclude courses which are being audited by the veteran or eligible person, since no educational assistance allowances shall be paid for such courses.

(Authority: 38 U.S.C. 3680(a))

(j) *Nonpunitive graded courses.* The school shall report any course for which a nonpunitive grade is assigned and no payment shall be authorized for such a course. If payment has already been made, in whole or in part, by the Department of Veterans Affairs at the time the grade is assigned, an overpayment shall be created against the account of the student for such a course, unless the Department of Veterans Affairs determines there are mitigating circumstances.

(Authority: 38 U.S.C. 3680(a))

(k) *Courses with suspended approval.* When a State approving agency has suspended the approval of a course for new enrollments, new enrollments in the course shall not be approved until the suspense is lifted. If the State approving agency does not lift the suspense, but disapproves the course instead, new enrollments beginning on or after the date the suspense was effective shall not be approved. See § 21.4259.

(Authority: 38 U.S.C. 3672(a))

(l) *Courses taken by a nonmatriculated student who is pursuing a degree.* The provisions of this paragraph apply to veterans and eligible persons who are pursuing a degree, but who have not matriculated. The Department of Veterans Affairs considers a student to have matriculated when he or she has been formally admitted to a college or university as a degree-seeking student.

(1) Some colleges or universities admit students provisionally, pending receipt of test results or transcripts. The Department of Veterans Affairs

may approve such a veteran's or eligible person's enrollment in a course or subject only if the veteran or eligible person matriculates during the first two terms, quarters or semesters following his or her admission.

(2) The first portion of the courses leading to a single degree may be offered at one college or university. The remaining courses are not offered at the college or university, but are offered at a second college or university which grants the degree based upon the combined credits earned by the student. If the student is not required to matriculate during the portion of the program offered at the first college or university, VA may approve an enrollment in a course or subject that is part of that portion of the program only when the certifications described in either paragraph (1)(2)(i) or (ii) of this section are made.

(i) The college or university granting the degree certifies concurrently with the student's enrollment in the first portion of the program, that

(A) Full credit will be granted for the subjects taken in the portion of the curriculum offered at the first college or university;

(B) In the last 5 years at least three students who have completed the first part of the program have been accepted into the second part of the program;

(C) At least 90 percent of those who have applied for admission to the second part of the program, after successfully completing the first part, have been admitted;

(D) The student will be required to matriculate during the first two terms, quarters or semesters following his or her admission to the second part of the program.

(ii) The college or university offering the first part of the program:

(A) Certifies to the appropriate State approving agency that as a result of an agreement between that college or university and the college or university offering the second part of the program, all of the courses taken by the veteran or eligible person in the first part of the program, will be accepted by the college or university offering the second part of the program without any loss of credit in partial fulfillment of the requirements for an associate or

higher degree. This certification may be made once for each program for which an agreement exists.

(B) Certifies to VA that the veteran or eligible person has stated to an appropriate official of the college or university offering the first part of the program that he or she is pursuing the program.

(3) The first portion of the subjects or courses in a baccalaureate program beyond those necessary for an associate degree may be given at a 2-year college, while the remainder may be offered at a 4-year college or university. When the college or university does not require the student to matriculate while pursuing the additional study at the 2-year college, VA may approve an enrollment in a course offered in the program at the 2-year college only if the certifications described in either paragraph (1)(3)(i) or (ii) of this section are made.

(i) The college or university granting the baccalaureate degree certifies that:

(A) Full credit is granted for the course upon the student's transfer to the college or university granting the baccalaureate degree,

(B) The courses taken at the 2-year college will be acceptable in partial fulfillment for the baccalaureate degree, and

(C) The student will be required to matriculate during the first two terms, quarters or semesters following his or her admission to the college or university granting the baccalaureate degree.

(ii) Either the 2-year college or the college or university granting the baccalaureate degree:

(A) Certifies to the appropriate State approving agency that as a result of agreement between the 2-year college and the college or university offering the baccalaureate degree all of the courses pursued beyond the associate degree will be accepted without any loss of credit in partial fulfillment of the requirements for a baccalaureate degree. This certification may be made once for each program for which an agreement exists.

(B) Certifies to VA that the veteran or eligible person is enrolled in courses covered by the agreement.

Department of Veterans Affairs

§ 21.4253

(4) Except as provided in paragraphs (1)(1), (2), and (3) of this section, the Department of Veterans Affairs will not approve a veteran's or eligible person's enrollment in a course or subject if the veteran or eligible person:

- (i) Is pursuing a degree, and
- (ii) Is not matriculated.

(5) Nothing in this paragraph shall prevent a State approving agency from including more restrictive matriculation requirements in its approval criteria.

(Authority: 38 U.S.C. 3452)

(m) *Courses offered under contract.* VA may not approve the enrollment of a veteran, servicemember, reservist, or eligible person in a course as a part of a program of education offered by any educational institution if the educational institution or entity providing the course under contract has not obtained a separate approval for the course in the same manner as for any other course as required by §§ 21.4253, 21.4254, 21.4256, 21.4257, 21.4260, 21.4261, 21.4263, 21.4264, 21.4265, 21.4266, or 21.4267, as appropriate.

§ 21.4253 Accredited courses.

(a) *General.* A course may be approved as an accredited course if it meets one of the following requirements:

(1) The course has been accredited and approved by a nationally recognized accrediting agency or association. "Candidate for accreditation" status is not a basis for approval of a course as accredited.

(2) Credit for such course is approved by the State department of education for credit toward a high school diploma.

(3) The course is conducted under the Act of February 23, 1917 (20 U.S.C. 11 *et seq.*).

(4) The course is accepted by the State department of education for credit for a teacher's certificate or teacher's degree.

(5) The course is approved by the State as meeting the requirement of regulations prescribed by the Secretary of Health and Human Services under sections 1819(f)(2)(A)(i) and 1919(f)(2)(A)(i) of the Social Security Act (42 U.S.C. 1395i-3(f)(2)(A)(i) and 1396r(f)(2)(A)(i)).

(Authority: 38 U.S.C. 3675(a))

(b) *Course objective.* Any curriculum offered by an educational institution which is a member of one of the nationally recognized accrediting agencies or associations and which leads to a degree, diploma, or certificate will be accepted as an accredited course when approved as such by the State approving agency. Any curriculum accredited by one of the specialized nationally recognized accrediting agencies or associations and which leads to a degree, diploma, or certificate will also be accepted as an accredited course when approved as such by the State approving agency. Approval of the individual subjects, required or elective, which are designated as a part of a degree curriculum will not be necessary. Such approval may include noncredit subjects that are prescribed as a required part of the curriculum. The course objective may be educational (high school diploma or a standard college degree) or it may be vocational or professional (an occupation).

(c) *Accrediting agencies.* A nationally recognized accrediting agency or association is one that appears on the list published by the Secretary of Education as required by 38 U.S.C. 3675(a). The State approving agencies may use the accreditation of these accrediting agencies or associations for approval of the course specifically accredited and approved by the agency or association.

(d) *School qualification.* A school desiring to enroll veterans or eligible persons in accredited courses will make application for approval of such courses to the State approving agency. The State approving agency may approve the application of the school when the school and its accredited
